INLAND DIVING

...is pleased to announce

a day of fundraising activities in aid of the **Somerset and Dorset Air Ambulance Service**. The Air Ambulance saves lives every day from car crashes and other accidents, medical emergencies and diving incidents across the Somerset and Dorset area.

To raise money for this worthy cause, divers are invited to take part in an underwater treasure hunt. Uniquely numbered miniature helicopters will be hidden around the quarry for divers to discover throughout the day. At 3:30pm sharp, all the numbers found will be entered into a raffle to win prizes donated by some of the top companies in the dive industry. Prizes include SMBs, a titanium diver's knife, membership to Vobster Quay and lots more!

In addition, the Air Ambulance itself will land - schedule permitting - on site and staff will be giving talks on the varied work that the air ambulance service takes on. Pop along and show them your support!

Entry is simple - just turn up on the day and pay £10 to enter the competition (in addition to normal entry fee), then collect as many helicopter 'raffle tickets' as you can. To raise even more money, you might like to persuade friends and family to sponsor you - if you have more than £10 promised, then your entry fee will be returned when you have collected the sponsor money.

Contact Tim Clements on **01373 814666** for more information.
